

PRSA (Personal Retirement Savings Account) ...

Investment Questionnaire

To be signed by the Product Investment Manager

The safeguarding of PRSA assets is essential in the proper governance of the PRSA. As the Product Investment Manager you play an important role in that governance. For the purposes of the Pensions Act we will consider you as the Investment Manager for the assets outlined below.

There are very strict rules imposed by the Pensions Act on charges than can be taken from a PRSA. PRSA product charges are approved in advance and cannot be altered. Charges for the assets held by a PRSA are also restricted and the PRSA Provider must ensure that all charges on third party investments adhere to the regulations.

Please tick one of the following and proceed to the appropriate section and complete the questions.
